EXEC1

— AVIATION —

Exec 1 Aviation is pleased to announce the addition of a Red Bird AATD flight simulator base on the Cessna 172S model. The simulator can be used to log up to 3 hours toward your private or 20 hours toward your instrument rating.

Instrument pilots can use the simulator to fly the required approaches, holds and intercepts to maintain currency. The simulator can also be used for an IPC.

The simulator costs \$35 per hour to use, if you need one of our instructors there is an additional charge of \$55 per hour. If you have your own instructor, you are welcome to bring them in and we'll only charge \$35 per hour for use of the sim.

Instruction Rates:

\$55 per hour for Flight Instruction or Ground School

90 day check out flight required for new or inactive renters to satisfy insurance requirements.

Ask about our advanced deposit incentive for a 10% add-on credit.
